## Working with Weill Cornell Medicine – Part 2

In November 2014, OSP held a roundtable discussion on “Working with Weill Medical College, Part 1.” The focus was to review existing procedures and gather information on some of the issues around developing proposals and managing awards with Weill. Since then, the Research Division launched an initiative to address the difficulty in managing proposals, projects, and finances between the Cornell campuses. WCM staff co-sponsored this effort and a cross-campus working group was established. In this Roundtable we will report on the progress made over the past 6 months and present our ongoing plans and gather input. Our WCM colleagues will attend by webex to join the discussion and answer questions as they arise.

Feel free to send me your questions about collaborations with Weill Cornell Medical School prior to the Roundtable session, so I can provide them to the presenters in advance of the Roundtable.

We look forward to seeing you Thursday, June 16, 2016!
