Roles and Responsibilities of OSP, SFS, ORIA and Units - Managing Awards

If you've ever wondered who was responsible for the various tasks in the sponsored award management process, now is your chance to discuss the topic with members of the research community at Cornell. This OSP Roundtable will include a panel discussion of scenarios you may be familiar with and address who should handle the issues that are raised in the scenarios. Attendees will leave with a better sense of who or what office to contact when award issues arise.

Feel free to send me your questions about the roles and responsibilities of the various offices that administer research awards prior to the Roundtable session, so I can provide them to the panel members in advance of the Roundtable.

We look forward to seeing you February 16th!

Thank you,

Christine
