Research Administration Support System (RASS) Project Update

Speaker(s): Zachary Jacques, Director of Research Admin. Information Services
Mary-Margaret Klempa, Director of the Office of Sponsored Programs
Carrie Suskind, RASS Product Manager

Please join us for an update on the RASS project which officially resumed earlier this year. We will give a presentation reviewing the current project scope and timeline, discuss what we've done so far, and what we plan to do next. We hope to see you there, answer your questions on the project, and go over how you can get involved in usability testing and other system implementation activities.

Feel free to send me any questions you may have prior to this Roundtable session, and I will provide them to Zach, Mary-Margaret, and Carrie in advance of the Roundtable.

The seating in Room 226 is limited so please send me an RSVP if you plan to attend so we can make arrangements for a larger room if necessary.

We look forward to seeing you on June 15th!
