Grants.gov Workspace

Presenters

Tammy Custer –Grant & Contract Officer, Office of Sponsored Programs

Jamie Sprague – Sr. Grant & Contract Officer/Federal Team Lead, Office of Sponsored Programs

Over the next few months, Grants.gov will be making a change to the way in which we submit proposals to Federal sponsors as they transition away from the legacy Adobe PDF package and into Workspace, a web-based proposal submission system. Join us on October 19th to learn what Workspace is, how we can use it, and where to locate training and other resources. We will also provide context for understanding how Workspace will fit into the larger landscape of eRA systems available to Cornell researchers and research administrators, including the upcoming implementation of Cornell's Research Administration Support System (RASS).

Feel free to send me your questions about Grants.Gov Workspace and RASS prior to the Roundtable session, so I can provide them to Tammy and Jamie in advance of the Roundtable.

We look forward to seeing you October 19, 2017!

Thank you,
Christine
