What is research compliance and assurance? Who is responsible for compliance?

Institutional Biohazard Committee (IBC)

Institutional Animal Care and Use Committee (IACUC)

Institutional Review Board (IRB)

Conflict of Interest (COI)

Responsible Conduct of Research (RCR)

Institutional Biosafety Committee (IBC)

- What activities are covered by the IBC?

- What action do I need to complete to secure IBC approval?

- When does IBC review occur?

- How can I anticipate the need for an IBC review at proposal development stage?

- Do the activities covered by the IBC also need IACUC and/or IRB approval?

- Who can I talk to if I have questions about IBC?

Institutional Animal Care and Use Committee (IACUC)

- What activities are covered by the IACUC?
- When should I complete an IACUC Protocol?
- What forms do I need to use?
- When does IACUC review occur?
- How can I anticipate the need for IACUC approval at proposal development stage?
- What if the animal material isn't needed until more than 1 year after the project start date?
- Who can I talk to if I have questions about IACUC?

Institutional Review Board (IRB)

- What activities are covered by the IRB?
- When should I complete an IRB Protocol?
- What forms do I need to use?
- When does IRB review occur?
- How can I anticipate the need for IRB approval at proposal development stage?
- What if human research subjects isn't needed until more than 1 year after the project start date?
- Who can I talk to if I have questions about IRB?

Conflict of Interest (COI)

- Who needs to file a conflict of interest disclosure?
- When does this disclosure need to be filed?
- What forms do I need to use?
- Under what circumstances does a disclosure need to be reviewed by the COI Committee?
- What additional requirements must be fulfilled when receiving funds from PHS sponsors or other sponsors who follow the PHS COI regulations?
- Who can I talk to if I have questions about COI?

Responsible Conduct of Research (RCR)

- What is RCR?
- What sponsors/programs require RCR Training?
- What topics are covered in the RCR Training?
- Who needs to complete RCR Training?
- Where does the training take place?
- When does this training need to be completed?
- Who can I talk to if I have questions about RCR?
