Research Administration Support System (RASS)

OSP Roundtable Agenda

- RASS project update
- Distribution emails (Awards, Amendments, Non-Financial Agreements, Subawards)
- RASS and KFS/financial dashboards
- Demo of sponsored project portal features in RASS

Research Administration Support System Project

OSP and college research offices using RASS as of March 2019:
- OSP <u>Live</u> in RASS for normal operations
- EZRA to RASS data migration completed
  - RASS is system of record for OSP data
  - EZRA dual data entry to keep the Sponsored Projects Portal and RA Dashboard up-to-date
- During October 2019 begin:
  - Distribution emails sent from RASS
  - KFS integration data from RASS instead of EZRA
  - EZRA dual data entry will continue to keep the Sponsored Projects Portal and RA Dashboard live

Research Administration Support System Project

Sponsored Projects Portal features in RASS beginning January 2020:

- Campus users <u>live</u> with RASS
  - Existing functionality <u>replaced with RASS</u>
  - Sponsored Projects Portal offline to campus users

Proposal development features in RASS beginning April 2020:

- Campus users <u>live</u> in <u>RASS for proposal development</u>
- Replace manual/paper processes
  - No more Form-10!
