Synopsis

Join us at our next OSP Roundtable for a demonstration of sponsored project portal features and reporting tools in the new Research Administration Support System (RASS). Attendees will learn how to accomplish common sponsored project portal tasks in RASS, including award amendment and subaward requests, entry of deliverable submission dates, and the reporting tools that will be available as we begin using RASS. We will also provide an update on our RASS implementation timeline.

Zoom

For those unable to join us in person, attendance will be available via Zoom.
A link to the event will be sent the day before the event.
Neither requests for the link nor registration is required.
