RASS 2020-2021 ROADMAP

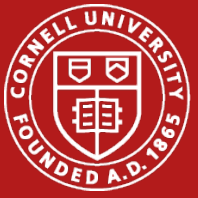

MILESTONES RELEASES FOR RASS IN 2020-2021

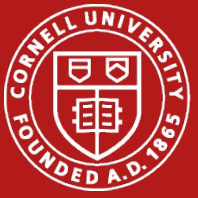

RASS Current & Pending Management

- Save time by reducing manual repetitive effort
- Decrease frustration by improving data quality
- Eliminate the need for shadow systems

RASS Current & Pending Management

- Create and manage data all in RASS
- Capture data based on sponsor guidelines
- Ability to adjust and maintain effort
- Support for non-OSP projects
- Ability to quickly remove not funded projects
- Provide sponsor templates for DoD and DoE

- **New features**

- Ability for Units to add Requirements to Workflow & History
 - PI Eligibility approvals
 - Additional approvals (e.g. College/Division approval of F&A)
- Sponsor Contacts for Non-Financial Agreements (NFAs)
- Ability for Units to enter requested Subrecipient deliverables

- **RASS tools available**
