- RASS new features
- RASS Q&A

# RASS 2021-2022 ROADMAP

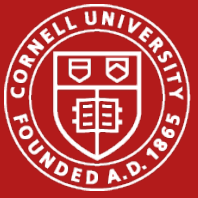

## MILESTONES RELEASES FOR RASS IN 2021-2022

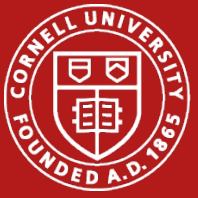

# RASS Proposal Budget Features

- Save time with built in indirect cost and benefit rates.
- Quickly add grad students with stipend, tuition, and fees.
- Easily apply escalations across multiple periods.
- Validate budgets to set targets or caps.

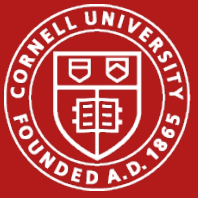

# RASS Proposal Budget Features

- Supports flexibility in level of detail by standard budget categories.
- Capture details needed for budget justification.
- Manage cost-share budgets by cost share source.
- Upload budget files created outside of RASS.

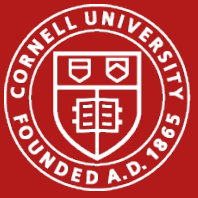

# RASS Proposal Budget Features

- PI/Co-PI budgets all in one allowing for easy collaboration.
- Develop alternative budget scenarios for what-if analysis on project resources/timeline, etc.
- Zoom into budget details using various views that can be downloaded into a spreadsheet.
